Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 279 x 216 mm. Language: Hebrew . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Since early mankind history to the present day, a daily debate between the scientific and religious scholars about the riddle of the universe and nature formation takes place everywhere. Furthermore, the debate also revolves around the interpretation and understanding of various phenomena and processes occurring in it (socio - economic and scientific aspects). The debate in its initial form has emerged from the philosophical field during the period of Aristotle, Socrates, Plato and Pythagoras and many others. Apparently, as technology invention progress is advanced and scientific breakthroughs come out, the controversy between the two groups is being clearer and well defined. For example, Galileo Galilei time period is characterized by his exquisite heliocentric model breakthrough against the Catholic Church establishment objection while about three hundred years later Charles Darwin had to face with similar fate of heresy blame by introducing the theory of evolution. In the recent decades, the controversy tends to become sharp because of the emergence of Albert Einstein s Relativity theory and the Big Bang theory in the background of technological progress ahead. This book copes with the universe creation riddle by investigating the relationship features between mankind and the Creator in the perspective of the Jewish Bible, with an emphasis on the faith concept development in the mirror of evolution; proving that evolution is God s instrument based on the bible events. The philosophical-scientific analysis of the events is based on the principles and concepts of the philosophy, theory relativity, evolution theory and game theory. Moreover, a link between different events and their meanings in the Hebrew bible (will be focused particularly on Torah chapters ) was found. Time , events...
