Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from School Shop Installation and Maintenance The author has observed that among teachers of shop subjects there is a noticeable lack of ability when it becomes their duty to solve problems of school shop planning, installation and maintenance. The fundamental reason for this deficiency is, perhaps, that, altho there are numerous technical books and magazine articles dealing with such problems, they are written primarily for the engineer and do not provide readily the comparatively simple, yet essential information needed by the shop teacher when it becomes his duty and privilege to plan, install and keep in order school shop equipment. The purpose of this book is therefore two-fold. An attempt has been made to present in simple language and readily usable form, information, rules and methods that (1) will constitute a handbook for teachers for use in solving these problems of equipment and maintenance, and (2) will be a text for use in normal courses in which manual arts and vocational teachers are trained. While the material presented in these notes may be of greatest use to shop teachers as a handbook and to teachers of vocational teacher-training classes, these two purposes do not limit its use. For instance, pupils in many vocational classes should know how to take care of belting properly, how to babbitt a bearing, how to fit circular saws, braze handsaws, etc., and in this sense this book can be used as a text and reference book by the students. Because of the direct method of presenting the subject matter, the book should also prove valuable to apprentices and mechanics. The author wishes to express his indebtedness to Prof. F. D. Crawshaw...
