Reviews

It becomes an amazing pdf that I actually have ever go through. This is for those who statte that there had not been a worth reading through. You will like how the author create this pdf.
(Prof. Lonie Roob)

ENERGY-WATER-WASTE NEXUS: FOR ENVIRONMENTAL MANAGEMENT

Narosa Publishing House, 2012. Hardcover. Book Condition: New. ENERGY-WATER-WASTE NEXUS: For Environmental Management discusses the close linkages or nexus between production and usage of energy and water consequently generation and disposal of waste. For example it takes a significant amount of water to create energy. Water is used as a coolant in power plants fuelled by coal, oil, natural gas and nuclear power and is required to generate hydropower. Thus, Different types of electricity generation require differing amounts of water. At the same time a significant amount of energy is used to extract, move and treat water for different industrial process and domestic and agricultural practices. Energy and water resources are also used for the collection, treatment and disposal of wastewater and solid waste. Therefore, there is an unseparable interlinkage of generation and usage of each unit of electricity and each drop of water and consequently for the treatment of each pinch/drop of waste. This volume offers some solutions for the sustainable integrated management of the environmental problems and crises in part or as a whole. Table of Contents Assessment of water quality and phytoplankton density of Tilyar Lake, Rohtak (Haryana) / Production of Natural Blue dye form Butterfly pea using different novel techniques- Microwave irradiation method, magnetic stirring process and aqueous extraction method / Trend analysis of discharge in Satluj River Basin, Himachal Pradesh, India / Green Technology for the Treatment of Highly Alkaline Cement Industry Waste / Pulp and Paper Mill Wastewater Treatment by Electrochemical and Photocatalytic Methods: A Comparative Study / Hexavalent chromium adsorption using low cost adsorbent / Comparison of different media composition on the growth parameters of marine green microalga Chlorella spp. / Process optimization for the production of sugar from potato and sweet potato starch for bio-ethanol industry / An Innovative Way for Making...
